

SDB Retail Lumi Details

Sophisticated Interior Illumination

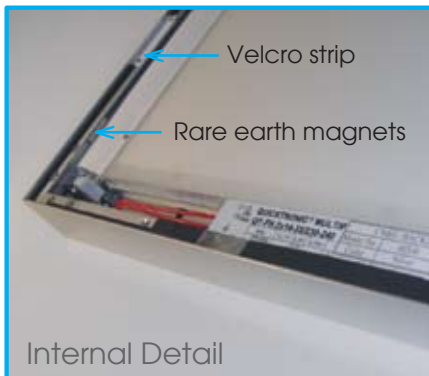

Magnetic Hinge

Accessing the interior of the unit is facilitated by simply lifting off the acrylic face which is securely fastened to the frame by rare earth magnets.

Graphics are held securely in place by an ingenious magnetic hinge, meaning changing visuals is quicker and easier. Even large visuals are easily managed by one person.

Internal Detail

Velcro attaches to a strip on the main body of the unit providing a doubly secure fastening of the acrylic face

Steel contacts magnet to securely attach the front face of the unit

Sophisticated aesthetic

With a profile of just 42mm and its acrylic face running to the very perimeter of the panel, this model has a sleek and contemporary aesthetic, adding a touch of elegance to any visual or environment.
