SLW will not be held responsible for guides left in your artwork.
When saving please save as press quality PDF.

Please check the following:

All company details (phone/fax)
Spelling
Correct colours are used
Correct template is used
Positioning of artwork

Please note that because of the way we see light, colours
printed with ink look different to colours displayed
on a computer screen. It is therefore essential that the
correct corporate colours be specified by the client before
printing. Providing pantone colours ensures the colours are
printed as close as possible to your corporate colours.
