

# WGC72P9 GREETING CARD RACK INSTRUCTIONS

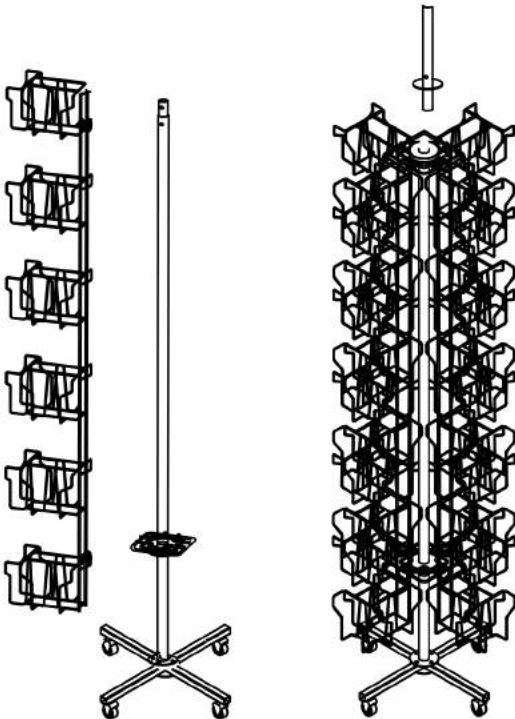

## STEP 1

Sit low tube flange on base flange.  
Align holes. Fasten with four long screws.

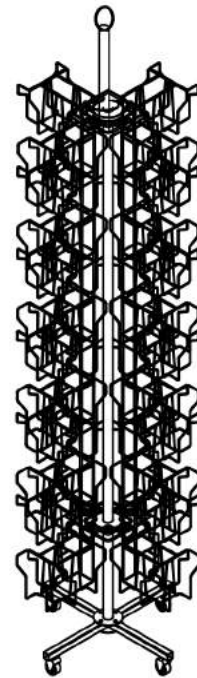

## STEP 2

Attach 4 casters to base bottom. Lock caster before assembling the display.  
Put ball bearing to sit on top of the upper flange.  
Then put 1 hub on. Flat side of hub face down.

## STEP 3

Hang one of wire panel on hub. Do so for all four wire panels. Use a helper to hold all four panels in position. Put top hub on the reverse (face up) hooks. Hub flat side face up. Make sure all hooks fits over the hub wire nicely.  
Use Top Short Tube push down the panel assembly, tightly. Then fasten the short screw onto the threaded hole, to lock the top tube in position.

## STEP 4

Place sign holder on top tube.
