## IMPORTANT:

Before saving, please turn off or delete the "Template" layer.  
SLW will not be held responsible for guides left in your artwork.  
When saving please save as press quality PDF.

### Please check the following:

All company details (phone/fax)

Spelling

Correct colours are used

Correct template is used

Positioning of artwork

Please note that because of the way we see light, colours printed with ink look different to colours displayed on a computer screen. It is therefore essential that the correct corporate colours be specified by the client before printing. Providing pantone colours ensures the colours are printed as close as possible to your corporate colours.
