I.	Bearing with Flange (a)	1
J.	Acrylic spacer	1
K.	Bearing with Flange (b)	1
L.	Washer	1
M.	Square Nut	1

Assembly

Note: Please use the attached cloth to clean the base properly

1. Insert 2 Hex. Cap Screws (F) into back of Post (D) and fix Flapper (A) to front of post.

2. Install (H) (I) to (F) screw first and then go through the central hole in the prize wheel (B), slide (J)-(K)-(L)-(M) onto the (G) thread in sequence from the wheel's other side as shown in the diagram, do not fully tighten the part (M).

3. Place Square Nut (M) into front track of Post (D). Slide Wheel up Post until Flapper is between pins on Wheel. Tighten Knob.

4. Attach Base (C) to post (D) using 2 Hex. Cap Screw (E).
