

Obstructed Areas (TV)

These areas of the image may not be clearly visible due to the overhang of the TV panels. Please use the appropriate sub-layer in the “TV Obstructed Areas” layer and disregard those you do not require. Sizes based on 40, 50 & 60 inch TV panels that are centrally mounted on the supplied bracket.

**These areas should be used as a guide only, sizes will vary depending on the brand and model of TV mounted on the frame.*

Bleed Line

Extend all images/backgrounds to this edge

730mm x 1230mm

Graphic Size \ Trim Line

The “Graphic Size” on the template is the total area of the graphic that is printed and where the graphic will be trimmed to.

725mm x 1220mm

Safe Area

The “Safe Area” on the template is the front viewable area that will be clearly visible after the graphic is erected. Keep all text and important images within this area.

Eyelets

These circles will be punched out.

FILE REQUIREMENTS:

Convert all fonts to outlines

Embed any linked images

IMPORTANT:

Before saving, please turn off or delete the “Template” layer.
SLW will not be held responsible for guides left in your artwork.
When saving, please save as High Quality Print PDF

Please check the following:

All company details (phone/fax)
Spelling
Correct colours are used
Correct template is used
Positioning of artwork

Please note that because of the way we see light, colours printed with ink look different to colours displayed on a computer screen. It is therefore essential that the correct corporate colours be specified by the client before printing. Providing pantone colours ensures the colours are printed as close as possible to your corporate colours.
